WHY Get Kids Paddling??

In 2013, we began advocating for more paddling opportunities for kids and youth. Since that time we have received much positive support for our efforts from the paddling community, and the general public. Similarly, when we've approached paddling and outdoor associations, there has been wholehearted acceptance and cooperation.

Why is there such support for getting kids and youth paddling?

Could the answer to that question give us the way forward to achieving our goals?

We invite you to join the conversation at our first webinar of the 2024/25 season

November 27th, 2024 at 7:30 pm ET

“Why Get Kids Paddling?”
